PRESS RELEASE

Andrew Wong Vui Zhen of Institut Sinaran awarded the Faculty of Engineering & Built Environment Golden Jubilee Commemorative International Scholarship to pursue Electrical Engineering at University of Newcastle, Australia.

Andrew has this to say:

“This scholarship is one of the most spectacular gifts to me from the university. I will never be able to repay the efforts and patience shown to me by my family, teachers and friends for shaping me to be what I am today. Studying in Institut Sinaran is definitely the correct choice and pathway for me. With both the excellent tutors and conducive learning environment at Institut Sinaran, I was able to achieve excellent results for the Cambridge GCE A-Levels. I am highly convinced that Institut Sinaran is the best choice for students to obtain their pre-university education with worldwide recognition. I am grateful to my parents, elder brother and sister, Sabah Tshung Tsin Secondary School and Shan Tao Primary School for providing guidance to me and made all this a reality.”

Institut Sinaran is recognised for the quality education it provides as reflected in its excellent academic track record since 1987. The achievements are a testimony to the dedication and commitment of the lecturers together with the support provided by families and friends, and the sheer determination and passion of the students to succeed. Many of our students have gained admission into universities around the world including top notch universities for a variety of courses. They have found their study experience at Institut Sinaran an enjoyable and rewarding one and inspired them to “Reach Higher!” to achieve their dreams.

Enrolment is now open for our internationally recognized Pre-U programmes: Taylor’s Foundation in Science (March 2016), Cambridge A-Level (April 2016) and Diploma in Commerce (May 2016). For enquiries, please call 012-8683545 or email to enquire@institut-sinaran.edu.my or log onto our website at www.institut-sinaran.edu.my. You are most welcome to visit the campus at KM10, Jalan Tuaran Bypass, 88450 Kota Kinabalu during our Info Day on 19th and 26th March 2016 from 8.00 am – 2.00 pm.
